Objective

Delta Moneda is a fixed income fund that aims to offer a performance comparable to the evolution of the dollar exchange rate (Communication "A" 3500 BCRA) over the medium term. The fund has a positive correlation with the movement of the exchange rate, without representing a perfect hedge. The fund's investment portfolio is mainly composed of dollar-linked Argentine corporate debt and peso fixed income instruments hedged by dollar futures on Rofex. The fund may also invest up to 25% of its assets in dollar-denominated bonds (both local and global). Redemption payment: up to 2 business days.

Performance	B Share Institutional
